William A. Schmitt.

The greatest shock the people of Hondo ever received occurred about 6:30 Tuesday evening when the news spread rapidly over the town that William A. Schmitt was dead. The news seemed the more incredible because of the fact that he was on the street up to about 5:00 o'clock and was greeting friends in his usual friendly manner and appeared in his normal health, both physically and mentally.

After attending to some business matters up town he returned to his home, passed through the house into the back yard, and that was the last time he was seen alive. Mrs. Schmitt, who was also up town Tuesday evening soliciting aid for the needy of Europe, reached home about 6:30, and on entering the house asked Miss Batot, who was in the employ of the Schmitts, as to the whereabouts of Mr. Schmitt, and was informed that he had arrived home some time before and had passed into the back yard; the hour for the evening meal being near. Mrs. Schmitt passed into the back yard in search of him, and glancing into the woodshed saw Mr. Schmitt sitting in a chair apparently asleep, and calling to him and getting no response went to him and found that life was extinct.

It would be difficult to write either a social or business history of Hondo of the past 20 years in which the Schmitts did not occupy a prominent part. Coming here from San Antonio they immediately identified themselves with the social and business interests and did their part in keeping the town abreast of the times. The deceased, as the senior member of the firm of Schmitt & Steinhardt, conducted successfully one of the greatest businesses in Western Texas, and when the firm concluded to retire from business more than a year ago, their decision was regarded as a personal loss by every one in this section.

Deceased was of a genial, optimistic temperament and readily made friends of all with whom he came in contact and he will long be held in the kindest remembrance by the people of Hondo. Being prosperous in business, no appeal to him for assistance in a worthy cause every went unheeded, and undoubtedly his generosity has helped to smooth the way of some less fortunate brother.

Deceased was born in San Antonio fifty-eight years ago and had spent his entire life in this part of the state; and at the time of his demise was making preparations to return to his native city to spend the evening of his life amid the scenes of his childhood surrounded by life long friends. A recent attack of the "flu", from which everyone thought he had recovered but the effects of which evidently still remained in his system, was probably the prime cause of his untimely passing.

To the heart-broken widow and stricken sons words of consolation are but a mockery. Consolation to them must come from a higher than human agency.

The funeral will occur at 4:00 o'clock Sunday afternoon from the Shelly undertaking parlors, San Antonio, the body to be placed in the family burial lot.

The following will act as honorary pall-bearers: Hondo—Pete Jungman, Harper Fly, W. B. Odom, Robt. Decker, Chas. Fileman, W. H. Windrow, Dr. W. H. Smith, V. H. Blocker, L. E. Heath, Tom McClaugherty, Ralph Noonan, C. J. Bless, George Muenink, John Finger, Earnest Leinweber, I. H. King, E. W. Lacy, Chas. Metzger, Ed. de Montel; Honorary: San Antonio—Bruce Martindale, Jac Gans, Jos. Courand, Bruno Dittmar, Hugo Goodman, Will Curry, Dr. J. Braunnagel, Dr. Ad. Herff, Wm. Dobrowolski, Isadore Strauss, Erhart Guenther, Gus Giesecke, Otto Meerscheidt, Ben S. Fisk, Ed. Sachs, Harry Holtz, Emil Grell.

Active pall-bearers: Jesse D. Oppenheimer, Joe Oppenheimer, Julius Tengg, Herman Schuchart, William Vollbrecht, Henry Kohler, Oscar Miller, Henry Merriman.

We herewith wish to extend our heartfelt thanks to all for their kindness and sympathy shown us during the illness and death of our beloved wife and mother, and also wish to thank those who contributed the many beautiful floral offerings.

A party from San Antonio, recruiting for the army, arrived in town on Sunday afternoon and opened a station at the "Richter Hotel" for the purpose of accepting recruits for any and all branches of the service. An accident, somewhat serious and which will cause a great deal of pain and probably cause one of our young men to be a permanent cripple, happened early Sunday evening about eight miles this side of Devine. Frank Graff and Phillip Karrer were traveling in a car when one of the wheels struck a loose rock in the road, steering the car into a ditch, breaking a wheel and causing the car to turn over. Young Graff suffered a double fracture of the right arm just below the elbow, beside being severely bruised up, while young Karrer was fortunate to escape with a few bad bruises. A. J. Graff learning of the mishap, went to Devine to render what assistance he could. After the fractured arm received the attention of a Devine surgeon, young Graff, accompanied by A. J. Graff and Paul Keller of Devine, went to San Antonio to have an X ray made of the injury, the journey being made in Mr. Keller's car. The X-ray disclosed that the surgeon had done the best possible, considering the seriousness of the fractures. The young man was brought home and is doing as well as could be expected under the circumstances.

SAYS SHE THREW HER MONEY AWAY

Mrs. Parker Spent Hundreds Seeking Health—Tanlac Restores Her.

"My troubles have been completely overcome since I began taking Tanlac and I am enjoying the best health I have had in twenty years," said Mrs. M. Parker, of 423 East Third St., Los Angeles, Cal.

"I spent several thousand dollars for medicines and treatments," she continued, "but it was just money thrown away, for I never got any relief from my suffering until I commenced taking Tanlac. I was practically an invalid for twenty years and all my trouble was caused by the awful condition of my stomach. A great part of the time I was confined to my bed, simply too weak to be up. I could eat but very little, and that disagreed with me so I suffered terribly from gas. To make matters worse I was attacked by rheumatism in my arms and legs, which caused me no end of pain and misery. I never got a good night's sleep and became extremely nervous.

"Well, I have just finished my fourth bottle of Tanlac and it is wonderful the way I have improved. Why, I feel so well and strong I do all my housework without the least trouble. Last week I actually did the family washing and it has been many years since I did a thing like that. My appetite is fine and nothing disagrees with me. I sleep restfully and get up feeling refreshed every morning. The rheumatism has entirely disappeared and Tanlac deserves every bit of the credit."

Tanlac is sold in Hondo by W. H. Windrow, in Castroville by Joseph Courand & Co., and in Dunlay by Louis A. Haby.

Resolutions of Respect.

Whereas, it has pleased the Supreme Architect of the Universe to call Brother W. H. McLaugherty from his labors in this world to his refreshment in the Temple not made with hands:

Be it resolved by Yancey Lodge No. 1076, of Ancient, Free and Accepted Masons, that said lodge feels deeply the loss of this most faithful member, its erstwhile honored officer, and kind brother; that this lodge, collectively and individually, tenders its most heartfelt sympathy to the bereaved widow and orphans, as well as to all members of the family of the deceased brother, declaring to all of them the willingness of the members of the craft to aid and assist them along life's way.

Done this the 5th day of March, A. D. 1920.

An Appreciation of H. L. Morgan.

J. M. WOODS.

Born of high tone Southern stock, receiving as generous an education as the strenuous days of his bringing up would permit. Mr. Morgan possessed the traits of a cultured Christian gentleman. Intensely democratic in his thoughts, speech and manners he was as cordial with those bereft of this world's goods as with those whose wealth and station were known.

He was a student of current history and national politics, and nothing delighted him more than animated discussions on these subjects, discussions punctuated with happy laughter, pleasant sallies and that were always terminated by the auditor being told to go home, read up, come back and talk it over another day.

He stood four-square to the world on every question of morality, high mindedness and business integrity. He never waited to be asked his opinion on these matters—he announced it immediately and openly. He stood in the fore of every fight for better schools, better social and political conditions and was a known force for the development of his community.

A man of great religious charity—the only way that you knew him to be a Baptist and not one of some other denomination was that you saw him at the Baptist church.

His store was a meeting place for the boy—the school boys, of town. While every boy knew that Mr. Morgan thought first of his own, every boy also knew that he was considered, that his future was planned for, and that he could always go there for advice (and incidentally he always got it whether he asked for it or not.)

His respect for womanhood extended almost to adoration—a cultured, ambitious and religious woman was indeed God's own handiwork.

Dear friend of mine and of my father's, sleep serenely where kind hands have lain thee! God's air and sunshine is overhead, men will come and go around thee, loving hands will plant sweet scented flowers over thy grave, and when the final day shall dawn thou shalt arise and stand unashamed before the Judgment Seat, and when He Who shall judge all men by the deeds done in the body shall see thee, He will say, "Come thee and all thy house for thou hast an abundant entrance into my kingdom."

A THOROUGH TEST.

One To Convince The Most Skeptical Hondo Reader.

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action. The following case is typical.

Hondo residents should be convinced. The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored.

Thos. McCall, carpenter, Hondo, says: "I came down with an attack of kidney trouble. I had such a severe pain that I could hardly stoop over or lift anything. My back pained all the time and made it difficult for me to do my work. I had heard Doan's Kidney Pills highly spoken of so I bought some at Windrow's Drug Store. Doan's helped me right away and two boxes removed the trouble."

Mr. McCall gave the above statement May 29, 1915, and on May 5, 1919, he added: "I have used Doan's Kidney Pills a few times for a slight backache since they cured me four years ago. I think just as much of Doan's as ever."

Price 60c, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mr. McCall had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Why Colds Are Dangerous.

You are often told to "beware of a cold," but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer a cold hangs on, the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germs of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take.

Some Texas farmers are wearing their overcoats while working in the fields. This shows how things have improved. Time was when lots of the farmers in the best cotton district didn't have overcoats even for Sunday.

Probably the next thing we shall hear is that the drouth is worse than the wet spell was.

Sometimes we get so tired of cold weather we wish we lived close enough to Cuba to warm up.

PERFECT HEALTH IS EVERY WOMAN'S BIRTHRIGHT

Houston, Texas:—"I was in a terribly run-down condition of health after a siege of ptomaine poisoning, and then the influenza. I could not seem to regain my strength and was really not able to do my housework. I knew I needed a good tonic and builder and remembered how my folks used to regard Dr. Pierce's remedies in my girlhood days, and then I decided to take Dr. Pierce's Golden Medical Discovery. I am now taking the second bottle and it is doing me a world of good. My strength is returning rapidly and I feel better in every way.

"I am glad indeed to recommend the medicine that is doing me so much good and do not hesitate to give this statement."—Mrs. GERTRUDE SELL, 2117 Common St.

Beaumont, Texas:—"One of my sisters became quite a sufferer periodically and would have fainting spells. She doctored but did not improve. Then, three years ago, a friend advised her to try Dr. Pierce's Favorite Prescription. It helped her right away and she has been in a healthier condition ever since that time.

"I would never hesitate a moment in recommending Dr. Pierce's Favorite Prescription to all young girls who suffer. I have such great confidence in it, seeing how it helped her."—Mrs. MARY E. BRAMMER, 1970 Harrison Ave.

Pryor Well Blowing Gas Again.

The National Refining Company's No. 2 Pryor broke loose a gasser again last night for the fourth time and blew strongly all night and all day today. The gate valve is on but up to the middle of this afternoon had not been closed. There is enough vapor in the gas to show a nice column visible high in the air, until the wind catches and dissipates it.

This, the fourth gas strike, is in a most promising looking sand at the depth of 1,280 feet. The company has not given out what procedure they will now follow.

This well is in Zavala county, twelve miles south of Uvalde and six miles northeast of La Pryor.—Uvalde Leader-News.

John Wiemers was up Tuesday from his ranch on lower Verde. He is one of a committee which will expend \$800,000 on the roads of Medina County and says work will soon begin.

Attorney Brian Montague was up from San Antonio to spend the week-end visiting his mother, Mrs. Chas. Montague, and family. We are sorry to learn that Brian's eyes are again giving him serious trouble.

SERGEANT SAVED FROM ARMY JAIL

HE AND "TWO-STAR" IN SAME FIX BUT LAD IS RESCUED.

Cleveland, O.—You veterans of the late war with the coolies, Huns et cetera will appreciate this story.

The train from the East, hours late because of a blizzard, was pulling into Cleveland.

A soldier boy, a sergeant, service hat pulled down over his eyes, sat and stared unblinkingly out of the window into the fierce blasts of snow. His seatmate struck up a conversation with him, after several overtures had failed.

"Gee, but this storm sure is getting me in bad!" said the boy. "I'm 13 hours over my leave now. Me for the hogsgow, for sure!"

The passenger listened to the story and then requested the soldier to let him take his pass a minute. The passenger went up to the other end of the car and sat down with another man. Soon he beckoned to the sergeant.

When the lad got to the other end of the car and saw two stars on either shoulder of the man the passenger had consulted he saluted.

"Sergeant," said the officer, "I've explained on the back of this pass that the same storm that delayed you also held me back. In case they don't believe this is my signature, here's my card. Give them both."

The soldier walked back to his seat. Then he looked at the card. It said: "Major General Leonard Wood, Commander, Central Department."

"Can you beat it?" mused the dough-boy, as he stared out the window once more, but this time with a wide grin.

SOLDIERS FOR WOOD

South Dakota and Kansas Veterans to Back Him.

Mitchell, S. D.—Soldier boys who saw service either in France or at home are showing big enthusiasm for the candidacy of Leonard Wood in this state, according to W. H. King state manager, in a statement here today.

"This is surprising to some of those who declared that soldiers would be opposed to any army candidate," King said. "But these boys know that Wood is totally different from some of the domineering officers of the 'Second Loote' type that they served under. They know that he is not a militarist in any sense of the word, and those who served under him in the Eighty-ninth and Tenth divisions love him like a father. Soldier clubs for Wood are being organized all over the state and J. J. McGraw and Fred Stanley, national vice chairmen of the Wood boom, tell me that down in Kansas where many of the boys of the Eighty-ninth lived, there is a similar condition. Wood will win in a walk-over in this state."

I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peru. After some of the best doctors in the country gave me up and told me I could not live another month, Peru saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as auctioneer, it is only natural that I had colds frequently so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peru. It cured me, so I cannot praise it too highly."

The World's Largest Production of Tires on the Smaller Cars Alone

We call attention not so much to the size of this average daily production as to the extent of the effort we put into the making of these 30x3-, 30x3½-, and 31x4-inch sizes.

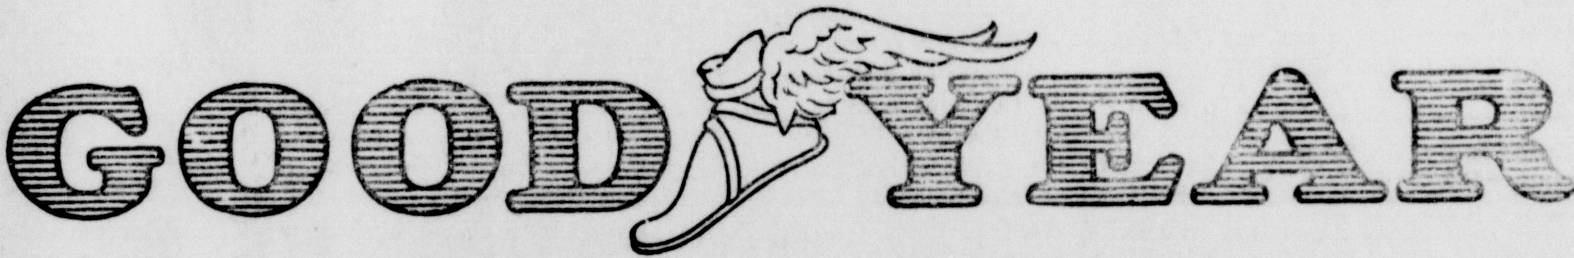

The separate factory we have devoted to their manufacture is not only the largest of its kind in the world, but it makes fully effective that experience and resourcefulness which have produced the tires most popular on the higher-priced cars.

No tires bearing the Goodyear name contain a higher relative value than these tires for Ford, Chevrolet, Dort, Maxwell and other cars requiring the sizes mentioned.

If you own one of these cars, go to the nearest Goodyear Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30 x 3½ size in water—\$4.50 proof bag.

E. corner of said Survey No. 103; Thence West with the North line of said Survey, 1147 varas to a stake from which a mesquite 6 in. in dia. brs. 5 varas North, another mesquite W. 5 varas; Thence South 490 1/2 varas to a stake; Thence East 1147 varas to a stake; Thence North 490 1/2 varas to the place of beginning; That plaintiffs are lawfully seized and possessed of said land, holding and claiming the same in fee simple by virtue of a patent from the State of Texas to Henry Castro, dated January 2, 1862, Patent No. 1, Vol. 36

—and by deeds from those holding under and by virtue of said patent; Plaintiffs further represent to the Court that on or about the 21st day of August, A. D. 1897, J. Paul Oefinger and wife, Sophia Oefinger, did execute and deliver to Charles Martin, now deceased, the father of plaintiffs, a deed, conveying to the said Charles Martin the aforesaid 100 acres of land, which said deed was duly filed for record in Medina County, Texas, where said land is situated, on or about the 21st day of August, A. D. 1897; that on or about the 1st day of August, A. D. 1907, the said Chas. Martin died; and that on or about the 7th day of November, A. D. 1908, a decree of partition among the heirs of the said Chas. Martin, deceased, and the widow of the said Chas. Martin, deceased, was rendered in the District Court of Medina County, Texas, wherein the aforesaid 100 acres was set aside and allotted to these plaintiffs; that since the 21st day of August, A. Ordinary inner tubes were made for fabric tires. Their walls are too thin to stand the overstretching to fill Cord casings—too thin to stand the friction of lower air pressure used in Cord tires.

Horse-Shoe Re-cord tubes have walls 50% thicker—9-ply of laminated rubber instead of six—made of rubber so free from impurities it floats—so tough you cannot break a strip the width of a wedding ring.

Come in and test your strength. Then you'll see why this thicker, stronger, tougher tube is breaking sales records.

The Backman-Tinsch Wild Animal Shows, An Entirely Different Kind of Show.

Amusement goers will have an opportunity on Tuesday, March 16, of seeing the newest style of tented exhibition when the Backman-Tinsch Wild Animal Shows come to Hondo for one day only, afternoon and night.

The startling program offered by this organization has been received in all the largest cities with the highest praise and the greatest commendation.

For highly skilled men and women trainers to give a long praiseworthy program in the two regulation rings, using forty-foot steel cages as a protective measure, principally to insure safety to the timid observers; offering and producing all the wild animal actors in the most dangerous and thrilling acts, is such an extreme novelty, that no one should miss this opportunity of attending. This exhibition particularly interests a nd pleases the ladies and children, and for whose care and attention the management is particularly noted.

No exhibition of a like nature or style has ever been seen in this vicinity for the reason the late world war entirely excluded the importation of wild animals, and this enterprise has always had a large supply on hand, there was no uneasiness on the part of Backman-Tinsch in not being able to give their full and complete entertainment.

A special pleasing feature will be the daily rides on the ponies and little horses given to all the children attending this well conducted enterprise.
